## Large Firm Resources, Small Firm Service

**EZKR Certified Public Accountants & Consultants  
Is Westchester's Leading Accounting and Consulting Firm**

### It's About Exceeding Expectations

EZKR is Westchester's County's leading full-service public accounting and consulting firm. The largest CPA firm based solely in Westchester, EZKR prides itself in offering "large firm" resources and expertise with "small firm" client service that is cost-efficient, professional and reliable.

"Our goal," says Howard Klein, managing partner of EZKR, "is to exceed our clients' expectations both in the quality and effectiveness of our accounting and consulting services as well as our client service." EZKR provides a broad array of accounting and consulting services to small to medium-size businesses and high-net-worth individuals primarily in Westchester and the Tri-State area of New York, Connecticut and New Jersey. The firm has also provided services to companies across the U.S. and to foreign companies doing business in the U.S.

### EZKR Provides Services Clients Need and Want

According to Klein, "EZKR provides the expert services our clients need — tax returns, financial statements and other financial reporting requirements. But more importantly, we provide the services they want — financial and business development consulting services that preserve their assets, grow their companies, enhance their financial well-being and solve the business problems that stall their company's growth and add stress to their lives."

**"The partners and staff of EZKR consistently demonstrate an extraordinary level of involvement and participation in the issues that impact Westchester County. Their willingness to support our community and its businesses is noteworthy and effective."**

— Bill Mooney, President, Westchester County Association

EZKR provides its clients the trusted long-term relationships and attention localized CPA firms are known for. The partners and staff at this forward-looking firm understand that each business, organization and individual has unique issues,
